## STORAGE**WALL** by Tangent

Tangent StorageWall offers clients the opportunity to make dramatic savings in space and money, whilst at the same time increasing efficiency. Apart from the logical reasons to maximise storage, our system offers a practical re-locatable alternative to less efficient storage systems and partitioning. Available in finishes to match and compliment our furniture ranges, clients can achieve a truly efficient and clutter free office environment.

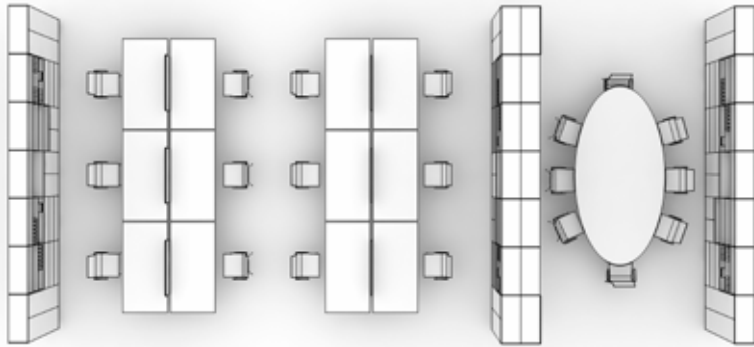

# A TAILORED SOLUTION FOR EVERY OFFICE

StorageWall from Tangent enables our clients to create unique working environments, optimised to their individual needs, whilst maximising available floor space. A comprehensive set of internal storage components enable the design of fully functional space dividers that adapts to all of your current and future needs. Whether used as free standing units or against existing walls, StorageWall has the solution for you.

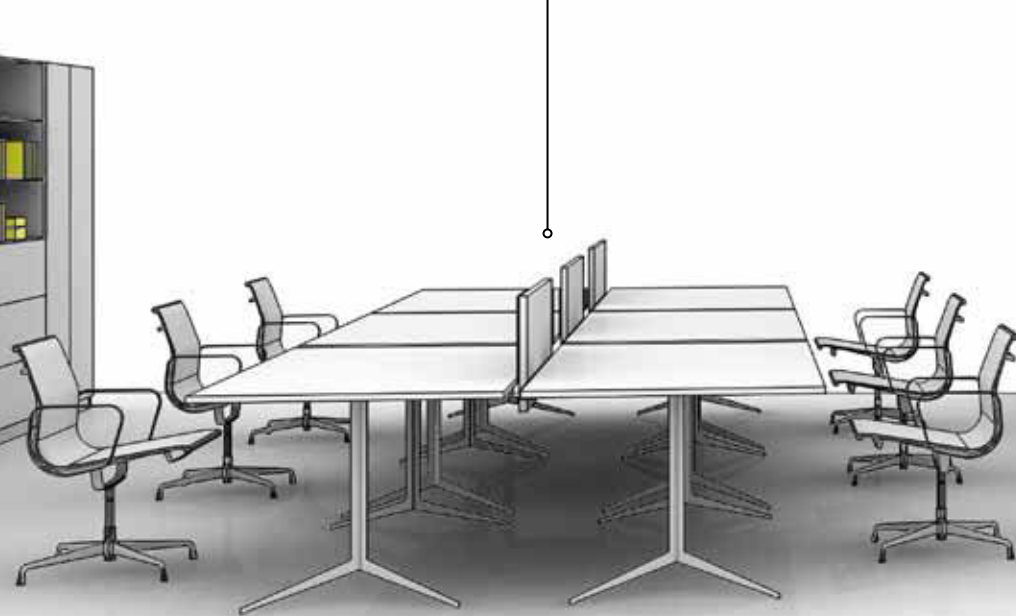

## STORAGEWALL FOR INTERNAL ARCHITECTURE

Tangent StorageWall allows architects and designers to create internal architectural spaces combined with storage.

Full ceiling height units enable effective acoustic insulation of working spaces, greatly reducing background noise and creating more efficient working environments.
