WE ARE TANGENT

Tangent is a market leading British office furniture manufacturer serving high profile companies across all market sectors.

We aim to add value through innovative design that recognises the trends and developments in technology.

We sell our office furniture products through a carefully selected dealer network nationwide.

We are a British Company

WE ARE MANUFACTURERS

At Tangent our manufacturing heritage stretches back over 30 years. Today, our modern manufacturing facility located in Chalgrove, Oxfordshire extends to 75,000 square feet.

Our factory in Oxfordshire

WE CARE ABOUT QUALITY

At Tangent all our products are manufactured to the highest standards with rigorous ISO 9001 accredited quality control system in place.

We deliver the goods

WE THINK BEYOND LOOKS

Our core competence is to find the right solution through originality, lateral perspective and focused determination. We do not aim to be all things to all people. Our promise is to create exceptional and pioneering products that offer genuine value and to deliver and install them with outstanding service.

We pay attention to detail that keeps you safe

WE WANT YOU TO COME BACK TO US

We don't just want your business today, we want it tomorrow too.

We have gained a strong position in the marketplace with our commitment to providing a professional level of support and service to our customers. We aim to deliver the best customer experience in the markets that we serve.

We care about your project

THE ENVIRONMENT IS IMPORTANT TO US

We are committed to protecting the environment and avoiding waste. Both our seating and desking manufacturing facilities have been certified to ISO 14001 and we have made large savings in energy consumption. Our Chalgrove facility is almost entirely heated by recycled waste material.

...to heat our factory

We use our waste...

Product Story:
NEO EVOLUTION

Visualise an office where architecture, furniture and technology all interconnect. By bringing together these elements, we can re-think our office space to reflect how we work. Neo Evolution provides structure to workspace, supports individual or team work and gives users the freedom to work the way they want and to adapt and evolve with the changing workplace.

Neo Evolution, Executive Office

Neo Evolution, Open Plan Office

Product Story:
80:80

80:80 provides a foundation for flexible space. The delineators that define territory have been removed allowing the user to annex as much space as the task in hand requires. It caters equally well for individuals with independent tasks or a project team engaged in group endeavour. 80:80 in its purest form is a chameleon that adapts to and supports kaleidoscopic work patterns.

80:80, Open Plan Office

Product Story:

FORM

The essential building blocks of the contemporary workplace; desking, storage and technology management, are intrinsically linked, and Form is Tangent's response. Form gives designers the opportunity to create homogeneous workplace interiors where desking and storage are at one visually. Form's surfaces; vertical, horizontal and lateral, flow into each other to create a united, non-conflicting and understated aesthetic.

FORM: Our Executive/ Storage Range

MESH, RECEPTION AREA

Product Story: MESH

Made from 'Krion', the next generation solid surface material by Porcelanosa, Mesh is a modular reception system with a difference; stunning visuals complimented by a pleasant, warm to touch, natural stone feel.
