

# BODYBILT J2502

**The BodyBilt J2502 Task Chair is designed for users who sit for long intervals at a time to optimise their comfort and work efficiency.**

- Unique 10-point posture control allows careful attenuation of comfort level.
- High backrest to provide support for the upper back, shoulders and neck.
- Deep contoured seat pan for optimal support in forward tilt position.
- Memory foam in seat and backrest for alleviating strain on soft tissue, cartilage and joints.
- Adjustable seat height and seat slide depth adjustment.
- Seat tilt and tension control.
- Adjustable armrests with height, width and angle adjustments.
- Adjustable backrest with height, depth and angle adjustments.
- Air Lumbar Pump® to adjust support on lower back support to alleviate discomfort associated with ligaments, muscle fatigues and pinched disc.
