

Test Certificate

Part of the Exova Group

ERGONOMICS
UNIT

This certificate confirms that the

RD243 Project task chair

manufactured by

ORANGEBOX

conforms with the BS EN ISO 9241, 1999: Ergonomic requirements for office work with visual display terminals (VDT's); Part 5: Workstation layout and postural requirements.

This summary certificate is based on evidence of satisfactorily passing further tests required by standards referred to in the BS EN ISO 9241, Part 5 and additional ergonomics testing and evaluation carried out by FIRA Ergonomics Unit.

The RD243 Project task chair is considered to be capable of meeting the minimum requirements as stated in the Annex of the European Commission's Display Screen Equipment (DSE) Directive (90/270/EEC) and the minimum requirements as stated in the Schedule of the Health and Safety (Display Screen Equipment) Regulations, 1992 as amended by the Health and Safety Regulations 2002. Therefore, the RD243 Project task chair is suitable for use at DSE workstations.

For full details please refer to the evaluation report (ref: 1118/ORAN/01/AH).

Levent Çaglar, Senior Ergonomist
